TRIUMPH OF THE GREAT CHAMPION  
OF PROTECTION.

Republican Gains in the Country  
Districts and Slight Losses in  
Hamilton County.

The Legislature Considered Safely Repub-  
lican in Both Houses in Spite of  
the Third Party Move.

Governor Campbell Badly Snowed  
Under in Hamilton County—The  
Australian Ballot System a  
Complete Success—Polls  
Free From the Attend-  
ance of the Bummer  
Element—Notes.

COLUMBIA, O., Nov. 3.—At midnight  
Governor Campbell conceded the election  
of McKinley by 10,000 plurality.

CINCINNATI, Nov. 3.—A correspondent of  
the Enquirer telegraphs from Columbus  
that Chairman Hall of the Democratic  
central committee has conceded the  
election of McKinley by 10,000 plurality and  
the election of a Republican legislature.

CLEVELAND, O., Nov. 3.—At Niles (Mc-  
Kinley's opponent) the Republicans made  
a net gain of 300.

CINCINNATI, Nov. 3.—The precincts out-  
side of Cincinnati show a net Republican  
gain of 1,374. 30 precincts in Hamilton  
county show a net Democratic gain of 444.  
At the same ratio this gives McKinley a  
plurality of 6,000 in the county. Appear-  
ances also indicate a majority of the Re-  
publican legislative ticket by majorities of  
from 1,000 to 5,000.

CLEVELAND, O., Nov. 3.—The Leader  
claims the state for McKinley from 15,000  
votes, and says the legislature is Re-  
publican.

COLUMBIA, O., Nov. 3.—The Ohio Demo-  
crats have carried Columbus and Frank-  
lin by 1,500 and elected their entire ticket with  
the exception of Wallace, Republican, for  
the legislature.

COLUMBIA, O., Nov. 3.—At midnight the  
returns received left no doubt of Camp-  
bell's victory in Hamilton county holding up  
to that of Cuyahoga in 1888, while McKinley  
lost the other two precincts in the county.  
In this county, nearly one-half show  
a Democratic gain amounting to 1,300.  
The same rate continued would give  
McKinley a plurality of 5,700. 30 pre-  
cincts in Ohio outside of Cincinnati  
had been heard from the Republican net  
gain was 1,777. The prohibition vote in  
these precincts fell below that of last year  
705, while the gain of the People's party  
over last year's vote was 1,347.

COLUMBIA, O., Nov. 3.—The chairman of  
the Republican central committee has  
received information in regard to the leg-  
islative candidates in about all the coun-  
ties in the state, and gives the result as  
60 Republicans and 37 Democrats elected  
to the house, with five in doubt, and 18  
Republicans and 13 Democrats elected to  
the senate.

CLEVELAND, O., Nov. 3.—Denison county  
gives a majority to McKinley of 1,000.  
CINCINNATI, Nov. 3.—The weather was  
all that could be desired for an election  
day, save that the wind was from the  
southwest. The air was delightfully  
cool. The voting law with its man-  
datory agreement on all tickets on one  
sheet, its private booths where alone with  
his conscience and a black lead pencil  
each voter registers his choice, did not  
seem to have any effect on the voting.  
There is no scratching, as by the old  
method. The act most heretofore called  
"blanking." But to blank is a puzzling  
business. The good of our country, and  
the risk of losing a vote by an error nearly  
every voter eads by making one cross  
mark opposite the name of the party  
candidate he votes for, and then a straight  
ticket. Reports received at  
campaign headquarters at noon indicate  
that a very large vote has been polled  
without any extraordinary aid of the  
new law. It also appeared that the great  
number of votes were for straight party  
tickets.

In the afternoon a light fall of snow and  
rain descended, but it was not  
sufficient to have any effect on the voting.  
The general opinion is that the new law  
disfranchises very few voters, and its  
operation produced the most peaceful elec-  
tion ever witnessed in Cincinnati. The  
ticket holder no longer exiles, and he was  
the last remnant of former plagues that  
made the polls disagreeable.

There is no accurate method of knowing  
what is the record in the ballot boxes, but  
Republicans still cling with confidence to  
their claim of an overwhelming plurality  
in Hamilton county. There is more  
"blanking" on the judicial ticket than  
anywhere else. There are five common  
names to be elected. The heavy rain  
after great labor, suggested a non-partisan  
ticket composed of three Republicans  
and two Democrats. The non-partisan  
convention adopted each two of the names.  
The lawyers are working vigorously for  
their original selection, and the result will  
doubtless be the election of the four who  
are on the Republican and Democratic  
tickets.

CANTON, O., Nov. 3.—Early this morning  
Major McKinley left his residence, and, in  
company with a friend, walked to the polls  
in the precinct B. First ward, to vote. He  
was loudly cheered by those on the street  
as he walked into the booth. He voted a  
straight ticket and found no difficulty  
with the intricacies of the Australian bal-  
lot.

CINCINNATI, Nov. 3.—The election in  
this city was quiet and orderly. The new  
election law, based on the Australian sys-  
tem, was tried for the first time. The  
city has for several years enjoyed the  
beneficial effect of a registration law ad-  
ministered by a non-partisan board of  
elections, and the present law is a fine  
supplement to that, and they both banish  
evil that were attached to the old system.  
The present law appears to give a perfect

registry and declaration of the people's  
will. There was no annoyance from elec-  
tion bums. Here and there were cases  
where the new method caused delay that  
cut off the elective franchise of some  
voter who could not control his time, or  
who became impatient at the restraint of  
the law. From general and state polls  
vote is reported, and the predictions made  
in the morning are repeated.

The first returns to the board of electors  
touched were received after 8 o'clock and  
9 o'clock only a few returns were in. Last  
year nearly all of the returns were in at  
10 o'clock. These returns showed that in  
precincts heard from in Cincinnati, Camp-  
bell's vote fell short of the Democratic vote  
of last fall. They also showed that the  
vote was less than 90 per cent. of the reg-  
istration. This vote on the veteran Repub-  
lican ticket is indicated by these few re-  
turns and is unexpectedly large in this  
county. This may so divide the Republi-  
can vote as to elect Democratic county of-  
ficers, who, as a rule, seem to be polling  
the full strength of their party.

The elections in Ohio were for governor,  
lieutenant governor, auditor and treasurer,  
attorney general, judge of the supreme  
court, member of the board of public  
works, state school commissioners and  
clerk and food commissioner, and also for  
members of the general assembly. There  
were five tickets in Hamilton county—the  
Republican, Democratic, Prohibition, Peo-  
ple's and veteran Republican. The last  
named ticket extended its vote to Hamilton  
county. It was the same as the regular  
Republican for all state officers, while for  
county officers it had a separate ticket of  
its own. In addition to these there was a  
sixth ticket in Hamilton county, namely  
the Bar county ticket for judges of the  
court of common pleas, consisting of two  
Republicans and one Democrat, and one  
Republican not nominated by party con-  
ventions.

## A BLOOMING FLOWER.

TAMMANY'S CANDIDATE ELECTED  
IN NEW YORK.

Fassett's Vote in the Interior Falls  
Far Short of the Regular  
Republican Strength.

Legislative and Local Offices in New York  
City Captured by the Followers of  
Boss Crocker.

Governor Russell Re-Elected in Mas-  
sachusetts—The Rest of the Re-  
publican Ticket Successful—A  
Similar Condition of Affairs  
in the Hawkeye State.

Returns From Other  
States—Notes.

NEW YORK, Nov. 3.—Boss P. Flower  
was elected today as governor of New  
York to succeed David B. Hill. His  
plurality is estimated at between 18,000  
and 20,000. Mr. Flower is not a carry-  
over man. His own city, Flower beating him  
by 504 votes. This city gave Flower 58,000  
plurality and Brooklyn gave him 14,000.  
The returns received from the districts  
outside of New York and Kings counties  
indicate that Fassett has been meeting  
Folger's fate. In Jefferson, Clinton, Essex,  
Montgomery and a young country he  
was far behind the vote for Miller.  
Flower's gains on a decreasing vote were  
ahead of Hill's. Watertown's four wards  
show a gain of 580 for Flower. The vote  
in this city today was 19,000 for Flower  
and 1,000 for Fassett. A vote of 19,000  
has been expected that of a registration of  
261,321, at least 240,000 ballots would be  
polled, but only about 230,000 persons  
voted. In the Hill-Miller campaign there  
were 271,000 votes cast.

Comparatively, Flower ran as well as  
Governor Hill, whose plurality was 59,000  
and was elected by 19,000. Flower  
will take to Harlem river 75,000 plurality.  
It is doubtful if Fassett will bring down  
50,000 to meet it. The Democrats gain as-  
sumedly in this state. Fassett is not  
doing as well as Flower, but his election is  
assured. At 10 o'clock Governor Hill sent  
a telegram to Police Commissioner Mar-  
tin, closing the state at 10 o'clock.

Mr. Flower's own estimate of his  
majority in the state is 25,000. Never  
in the history of the state did an election  
day run fairer. From a point of view  
of the weather, it was regarded as a  
square deal all around, for it was a cer-  
tain augury for a big vote and no favor.

The battle of the polls began at 6 o'clock  
this morning, and it was at 4 this after-  
noon. In this city the voting in the up-  
town precincts opened at an unprecedented  
rate. Not for years have men been heard  
to talk so freely of their own votes, or  
have the great body of the voters shown  
so much feeling. Up to 9 o'clock tonight,  
Flower had made a poor showing, and his  
later one of a majority of 59,000 is much  
less than the usual Democratic majority  
of the metropolis. The falling off here is  
attributed to the exclusion of the city  
from the operation of the new law, and  
to the fact that the city is a much less  
than the usual Democratic majority of  
the metropolis.
